

A-Bot RX Series – the most innovative new pool cleaner technology

- Fast
- Powerful
- Automatic

All A-Bot RX Series features:

Amazing AUTOSCAN covers your pool shape

Smart Swivel stops cable tangles

Fully automatic timer – set and forget

Remote Control Operation*

The remote unit has multiple settings – Manual operation, Floor only, Walls only or – Turbo Clean for an extra fast clean.

*Available on RX-6 Model only.

A-Bot RX Series – Fast and Powerful Robotic Pool Cleaning with Amazing Features

A-Bot RX Series Robotic Pool Cleaners quickly and efficiently clean almost any size and shape pool.

Installation's a breeze, just plug your A-Bot in and it's away.

High-speed motors and an ultra-fine filter vacuum, scrub and brush dirt and debris away – without placing any load on your pump and filter system.

When your A-Bot RX cleaner's automatic timer's done – it'll turn itself off. Just lift it out, empty the convenient filter bag or cartridge, and stow it away till next time. It's that quick and easy.

All A-Bot RX Series features:

Amazing AUTOSCAN covers your pool shape

Smart Swivel stops cable tangles

Fully automatic timer – set and forget
