AutoChlor® Classic™ Mark II

SALINITY RANGE: 3,500PPM – 5,500PPM

First introduced over 25 years ago, **AutoChlor® Classic™** series is the most popular of AIS' product range, and is renowned for its simplicity, reliability and easy installation.

All models in the Classic™ series have been progressively perfected and **AutoChlor® Classic™ Mark II** now features an aluminium heatsink for even greater resilience in high temperature locations and conditions. The **AutoChlor® Classic™ Mark II** provides pool owners with practicality and peace of mind when it comes to pool water disinfection.

Warranty:

AutoChlor® Classic™ is covered by a **four (4) year warranty on power supply and electrolytic cell for residential use and one (1) year warranty for commercial applications.**

AutoChlor® Classic™ Mark II features:

- **Wide Chlorine Output Range** from 15g/hr to 80g/hr
- **Powder-Coated Steel Construction** - delivering a durable and corrosion resistant enclosure
- **External Aluminium Heatsink** - providing enhanced cooling to alleviate internal heat
- **Robust and Reliable Transformer** - resistant to power fluctuations and high temperatures
- **Tinted Polycarbonate Front Cover** - protecting against direct sunlight and accidental splashes
- **Simplified User Interface** - retaining only essential control functions
- **Standard Safety Measures** - preventing damage caused by overloading, water flow interruption, high/low salt and other unforeseen events
- **Reverse Polarity (RP) Function** - reduces calcium build-up on electrodes, resulting in less maintenance
- **Genuine AIS Anode** - ensuring the longevity of the electrolytic cell
- **Proudly Australian Designed and Manufactured**

Optional Extras:

- **Heavy Duty Anode** – delivering longer cell lifespan and comes with an 18 month commercial warranty (RP50, RP64 & RP80)
- **Digital Backup Timer** - ensuring chlorine production resumes at pre-set times after power outages
- **Low Salt Model** – enabling operation in low salinity pool water (3000ppm)
- **Pool Light Transformer** - providing 12v, 24v or 36v timed power output
