The Evochlor Series salt water chlorinator has been stringently designed, engineered and built for the toughest Australian conditions. Now with advanced microprocessor control, high salt protection and mineral salt compatibility, this workhorse is better than ever.

evochlor®

SALT WATER CHLORINATORS

A15TS - A20TS - A25TS - A30TS - A35TS - A50G

The Evochlor Advantage

- Developed and manufactured in Australia.
- Salt and mineral salt compatibility.
- Proven reliability, even in the harshest Australian conditions.
- Advanced microprocessor controlled PCB.
- Low salt operation of 3500 to 4500ppm.
- Over salt warning light.
- Bright display LEDs.
- External reset button (no internal fuse).
- 10% incremental adjustable chlorine output.
- Simple to set digital 7 day time clock with battery backup.
- Energy efficient design with low power use.
- High grade long lasting electrolytic plates.
- UV and impact resistant cell housing.
- Heavy-duty, powder coated steel enclosure.
- Easy to install into new or existing pools.
- User-friendly controls for simple, hassle-free operation.

Why Chlorination

- No need to buy, transport and store hazardous liquid chlorine.
- No more sore eyes or irritated skin.
- Complete sanitisation that kills bacteria and prevents algae.
- Safe sparkling water all year round.
- Suitable for all pool types.

Warranty

- 3 year full warranty on Power Pack.
- 3 year full warranty on Electrolytic Cell.
- 12 months for commercial installations.

Specifications

Model	Output (g/h)	Power Use (kW)	Cell Plumbing	Pool Size (L) Temperate Climate	Pool Size (L) Tropical Climate
A15TS	15	.20	40/50	45,000	30,000
A20TS	20	.20	40/50	65,000	50,000
A25TS	25	.20	40/50	80,000	65,000
A30TS	30	.35	40/50	100,000	85,000
A35TS	35	.35	40/50	120,000	100,000
A50G	50	.35	40/50	150,000	130,000

The above values are based on standard residential installations.
For commercial applications please contact your authorised dealer.
